

Desk Pilot

First Officer FSX Setup Tutorial

- = Optional
- = Select(tick)
- = User input
- = Next

Step one

Sign in to GameSpy or LAN

ESRB Notice: Game Experience May Change During Online Play

Connection options

Internet (GameSpy) Local network (LAN)

GameSpy user ID:

GameSpy password:

Player name:

Step two(LAN)

Choose a session to join or host a new session **Step two(Internet) is at the bottom of this guide.**

User: **shane**

Lobby: Local Network Only show sessions in my country/region

Session Name	Players	Connection	Nearest Airfield	Voice
Desk Pilot Alpha	1/8	000000 23	Adelaide Intl	3600

Session information

Status: Game already in progress

Description:

Weather: Clear skies

Host ID: Mick

Host aircraft: PMDG 737-800NGX PMDG House Winglets

Step three

Choose your session options

Choose role: State intentions to other players (optional):

Aircraft

Current Aircraft: **AirCreation Trike Ultralight** **Do not change!**

ATC Name:

Sharing

Share my aircraft Enable shared aircraft voice communication

Password (optional): Disable sharing after session has started

If any of these check boxes are ticked, untick them!

Starting location

At an airport of my choice

Current Location:

In the air near the host

At the airport nearest the host's aircraft

Step four

Briefing Room

Review your session

shane

Aircraft: Aircreation582SL red

Voice:

Airport: Adelaide Intl

Desk Pilot Alpha

Host ID: Mick

Weather: Clear skies

Description:

Status: 2 of 8 slots taken. Waiting for players to join.

Time since session started 4:53.

Players:

Mick	PMDG 737-800NGX PMDG H	Adelaide Intl	<input checked="" type="checkbox"/> IN SESSION	<input type="button" value="Join Aircraft"/>
------	------------------------	---------------	--	--

Step two(Internet)

Connect directly to IP Address

Enter IP address:

If you would like to share your cockpit over the internet enter the captains ip address in the boxes above.

This is also the same ip address needed for the Desk Pilot client!

If you can't connect make sure the captain has opened the following ports.

Port	Protocol	Inbound / Outbound
23456	UDP	Both
6073	UDP	Both
60000	UDP	Both

First officer may also need to open those ports as well.

Click CANCEL to reject all changes you made in this dialog box and return to the lobby.

Final Step

Briefing Room

Review your session

shane

Aircraft: Aircreation582SL red

Voice:

Airport: Adelaide Intl

Desk Pilot Alpha

Host ID: Mick

Weather: Clear skies

Description:

Status: 2 of 8 slots taken. Waiting for players to join.

Time since session started 5:44.

Players:

Mick	PMDG 737-800NGX PMDG H	Adelaide Intl	<input checked="" type="checkbox"/> IN SESSION	<input type="button" value="Leave Aircraft"/>
------	------------------------	---------------	--	---

Now let the captain start the session and initialise their PMDG 737NGX.

After the captains flight sim has finished loading and their aircraft has initialised you may join the session!
